Usefulness to your Professional Development:	24 <u>Excellent</u>	5 Good	2 Fair	Poor

OUTCOMES:

I gained knowledge and understanding on thinking routines:

20 **Strongly Agree** 11 Agree 0 Disagree 0 Strongly Disagree

I learned useful ways to implement ideas regarding thinking routines:

19 **Strongly Agree** 12 Agree 0 Disagree 0 Strongly Disagree

I plan to implement the information and/or routines learned:

17 **Strongly Agree** 13 Agree 0 Disagree 0 Strongly Disagree

*One left blank

What was the major idea or concept learned and how will you apply it?

- Opportunity to continue to grow in regards to visible thinking. Tying routines together.
- Connect, Extend, Challenge. I'll apply it when supporting students with curricular information.
- Try the Main, Hidden, Side routine.
- Hearing about a multitude of visible thinking strategies was useful.
- Mixing routines, identifying thinking.
- That thinking routines can be altered to fit what you are teaching.
- Discover what thinking you are teaching.
- I gained a better understanding of different routines. I'm excited to try some new ones in my class.
- More PD time to plan routines/moves, etc. and talk more about moves.
- Learned routines to implement.
- I thought the solution to parent confusion of communication was great.
- How to use thinking routines in my classroom. Great ideas from other teachers.
- Using different routines that I have not used before.
- You can take routines and change/modify them to fit your learning goals. They can be flexible.
- New and revamped thinking routines to use.
- Different ways to combine routines. Different approaches to finding culminating activities.
- Same routines used in many different classes are great! Loved the new ideas for math class.
- Focusing on a novel, use a CSI, sentence, word and headline. Good use of applying different routines together.
- Step inside. Generate sort connect.
- Liked seeing other teachers' ideas about how they adapted visible thinking routines to fit their needs.
- Learned how other teachers have adapted and used thinking routines and how I can apply it to my classroom.
- Combining different thinking strategies into one lesson/activity.
- New routines to use 😊

- Technology matrix is a good idea!
- The thinking routines are very flexible.

PROFESSIONAL DEVELOPMENT PRACTICES:

A supportive climate of professional community was created.

26 **Strongly Agree** 5 Agree 0 Disagree 0 Strongly Disagree

Opportunities to collaborate and learn from my colleagues were supported.

24 **Strongly Agree** 7 Agree 0 Disagree 0 Strongly Disagree

ADDITIONAL COMMENTS:

- Awesome!
- Well organized and highly collaborative!
- Great job to all! Deanna is amazing 😊
- Wonderful job as usual.
- I love the gallery walk!
- Great PD again!
- Very enjoyable.
- Great Job 😊
- Loved it!
- This was great! I'm going right now to fix my lesson to add a ZOOM IN for tomorrow with double inequalities. Yay!!
- Really appreciated all the help.
- Awesome PD.
- More C/A time please! Also, we sometimes need an opportunity to meet with support staff like speech, social workers, counselors, etc. to address student concerns.
- Reuther is great!
