

ALPHABOXES

Description:

The Alphaboxes is a strategy that uses the 26 letters of the alphabet to record important concepts about a specific topic or theme. This strategy gives students a one place to record all content specific vocabulary and concepts throughout a unit.

How to Use the Strategy:

1. Teacher will provide the students an Alphaboxes worksheet for each unit
2. Explain that Alphaboxes will be used to record specific concepts and vocabulary for each unit.
3. As you teach the unit, provide time for the students to record important vocabulary and to make connections between concepts.
