

NOTE TAKING/NOTE MAPPING

Description: Students add their thoughts and comments to the class notes. “Note Taking” is done for the students. They record WHAT THEY SEE. “Note Making” is for students to record WHAT THEY THINK or the WHY of what they see. They should think of explaining what they see using prior knowledge and vocabulary. This is their personal space and nothing written will be considered wrong.

How to Use the Strategy:

Page (optional)	Teacher's Notes	My thought or picture on the notes.

NOTE TAKING/NOTE MAPPING

Math example:

Note Taking	Note Making
Action Plan: _ Ask Parent/Guardian _ Study Groups _ Learning Center _ Ask Sibling _ Online Tutorials _ Math Lab Support _ Ask Friend _ Peer Tutoring _ Private Tutor _ Other: _____ _ Homework Help _ Conf. with Teacher	

UA Example:

Musical Piece/ Picture of Art/ Blue Print/ Recipe	What are your thought on this section? What do you see? What stands out?
